DW2015 – A320 Easter Weekend Road Traffic Notice

To All Entrants, Support Crews and Interested Parties,

Wokingham Borough Council have announced that there will be major roadworks taking place on the A329 Flyover into Thames Valley Park, commencing on 29th March 2015.

As a result, it is planned to have a contraflow along the dual carriageway in Thames Valley Park (the entrance road to Wokingham Waterside Centre and the Dreadnought Reach compulsory portage) and ALL on-road parking will be suspended - this will be in force during Easter Weekend.

Therefore, Support Crews organising their timetable for Dreadnought Reach should plan to minimise any traffic going to Wokingham Waterside Centre.

The DW Organisation is working with the TVP Park Management Company to look at alternative parking options for DW Supporters; details will be advised nearer to Easter.

We will provide updates at the earliest opportunity. Thank you for your cooperation and understanding in this matter.

Thanks,
The DW Organising Team
